Environmental Scientist (Full Time) (Ref: CDM/22/01)

CDM Smith provides solutions in water, environment, transportation, energy and facilities to public and private clients worldwide. Established in Ireland since 2001, we work on a diverse range of projects for government departments, local authorities, regulatory bodies, utilities and private sector clients.

CDM Smith is seeking to recruit a Graduate Environmental Scientist to join our team in Ireland. The role will involve a significant amount of field/site work (>50%) with the remainder spent doing desk-based work. The ideal candidate will be motivated and enthusiastic, capable of working both independently and in a team. The role will involve travel (mainly in Ireland) and occasional overnight stays. This is a permanent, full-time role within a friendly, supportive environment that offers the successful candidate opportunities for career development in a multi-disciplinary consultancy.

The role offers a competitive salary, flexible working options and excellent benefits.

The role involves:
- Groundwater and surface water sampling and measurements as part of a team
- Collection of high quality field data
- Maintenance and trouble-shooting of field equipment
- Organising and co-ordinating the logistics of fieldwork programmes, including liaising with subcontractors and clients and obtaining lab/subcontractor/equipment quotes
- Compiling and interpreting water quality results and writing reports

Basic requirements:
- A Degree in Environmental Science or similar
- Good written and spoken English
- Full, clean driving licence

Experience in any of the below would be advantageous:
- Water sampling
- Groundwater sampling techniques/equipment (bailers, submersible pumps, low flow sampling etc.)
- Water chemistry
- Environmental pressures and associated impacts on surface water and groundwater
- Surface and groundwater legislation, particularly the Water Framework Directive

To apply for this position please send your C.V. and a brief cover letter to: dublin@cdmsmith.com
Cover Letters should be addressed to Dr. Laura Foley.
Agency assistance is not required.
